Some candle clear burns somewhere I come by.
I muse at how its being puts blissful back
With yellowy moisture mild night's memory.
So shall it remain for my future
The beacon, the eternal beam . . .

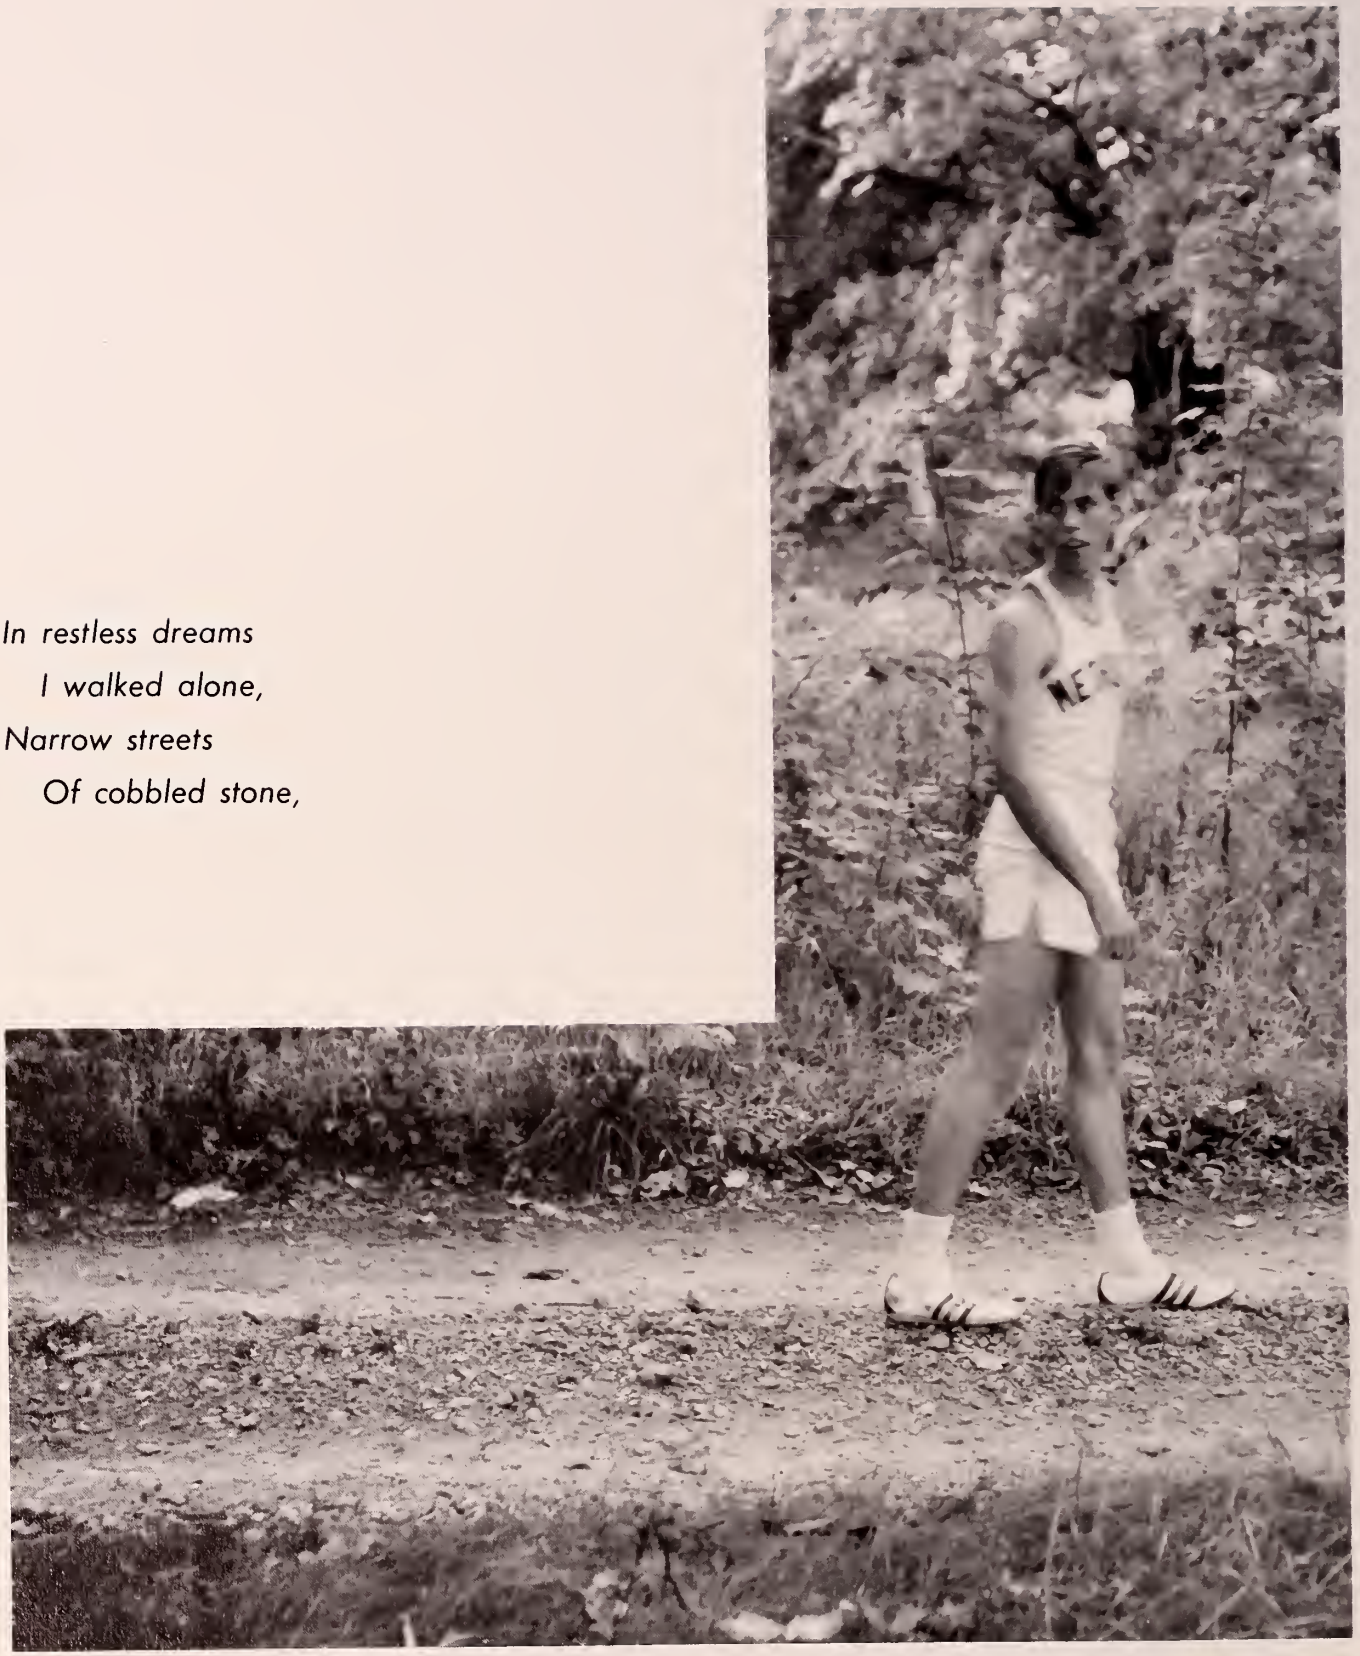
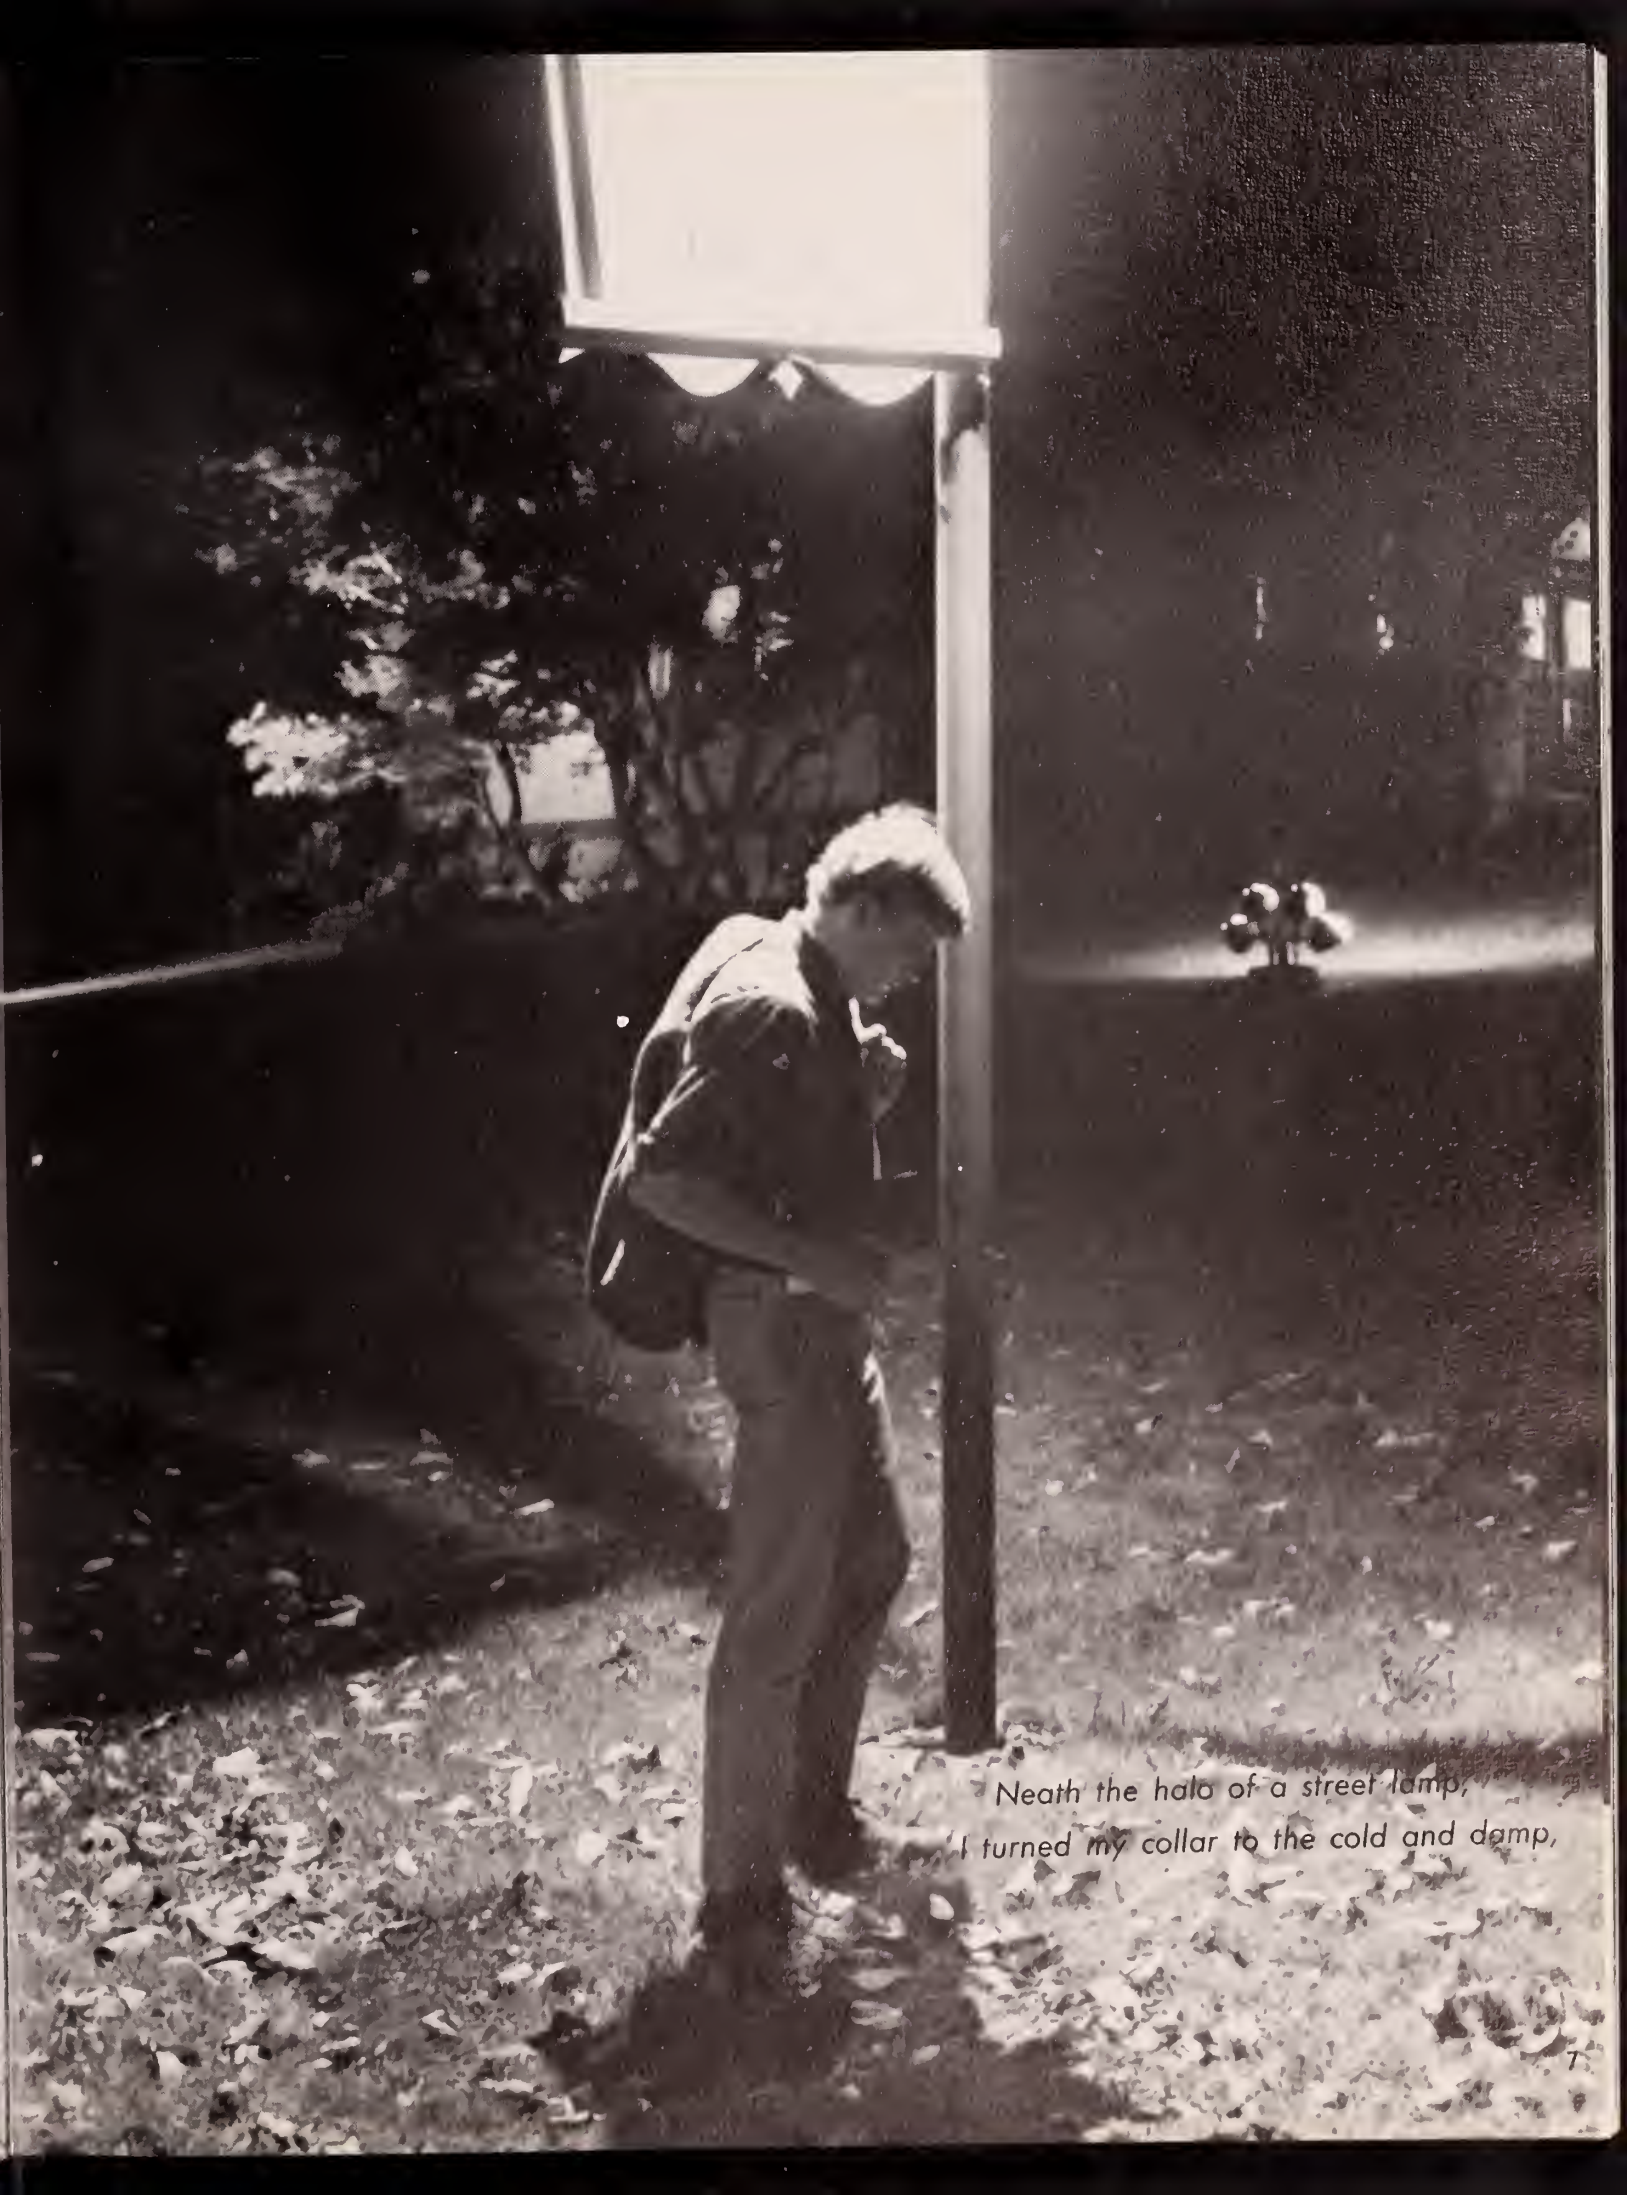
"Hello, Darkness, my old friend,
I've come to talk with you again,

Because a vision softly creeping
Left its seeds while I was sleeping,
And the vision that was planted in my brain
Still remains . . .
Within the Sound of Silence.

In restless dreams
I walked alone,
Narrow streets
Of cobbled stone,





Neath the halo of a street lamp,
I turned my collar to the cold and damp,

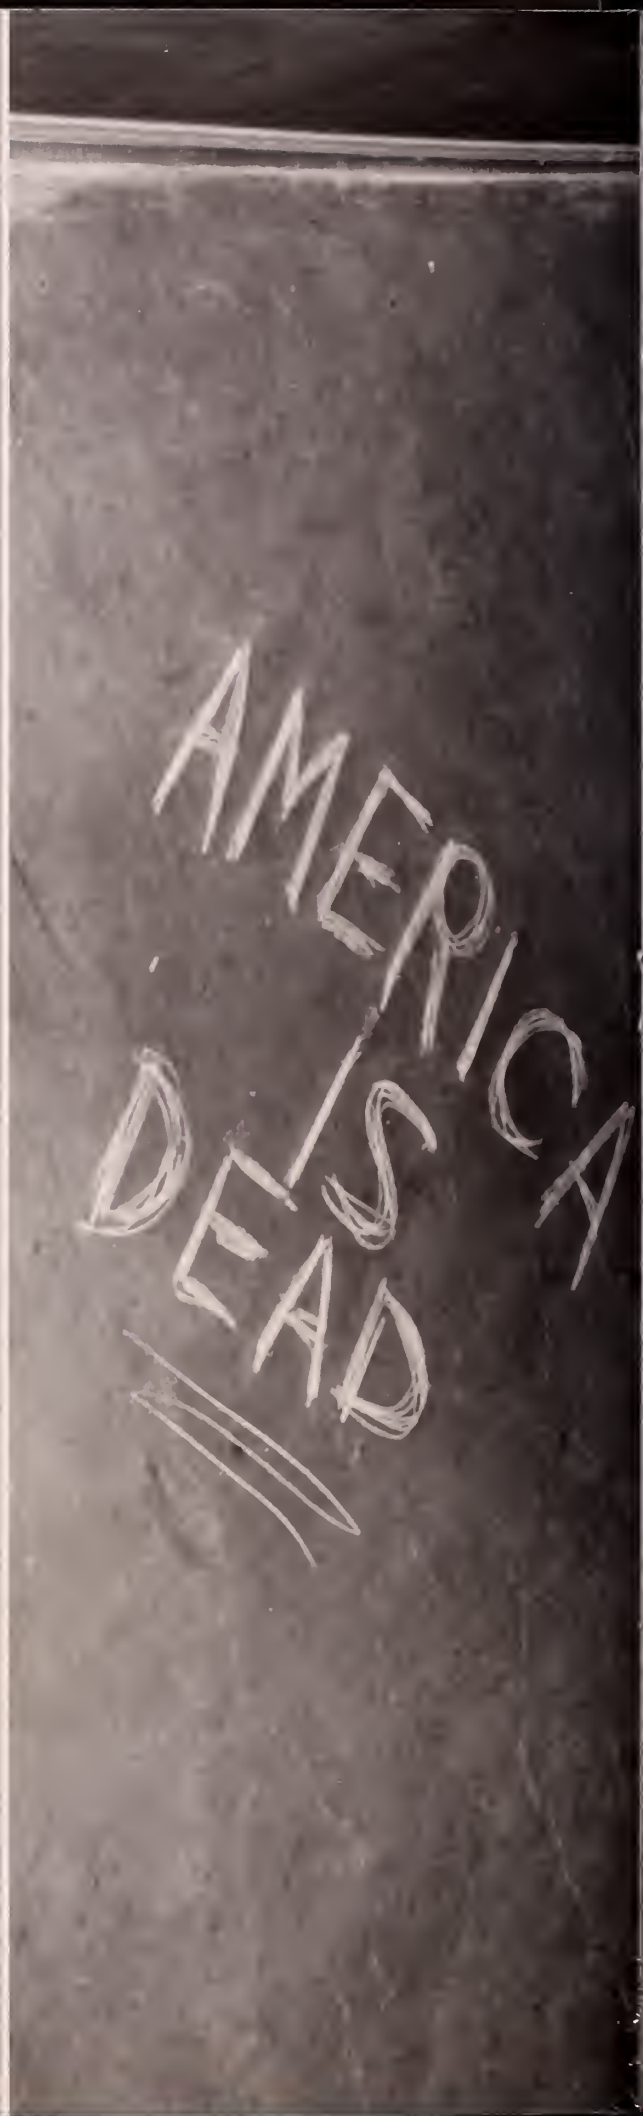
When my eyes were stabbed
By the flash of a neon light.
It split the night,
And touched the Sound of Silence.

And in the naked light I saw
Ten thousand people, maybe more;

People talking without speaking,
People hearing without listening,

People writing songs
That voices never share,

No one dares
Disturb the Sound of Silence.



'Fools,' said I,
'You do not know
Silence like a cancer grows.

Hear my words that I might teach you,

Take my arms that I might reach you

DETENTION
HALL

But my words like silent raindrops fell,
And echoed in the wells of silence."
Quote is credited to: — Simon and Garfunkel

"Walk through the halls. Listen at the classroom doors. In one — a lesson on the nature of Greek tragedy. In another — a drill on who and whom. In another — a hum of voices intoning French declensions. In another — silence: a math quiz.

Whatever the problems and frustrations of teachers and pupils, something very exciting is going on. Education is going on."

"If we work upon marble it will perish; if we work upon brass, time will efface it; if we rear temples, they will crumble into dust; but if we work upon immortal minds, if we imbue them with principles, with just the fear of God and love of our fellow men, we engrave on those tablets something which will brighten all eternity."

1969 Cross Country Squad

Cross Country is a sport of champions. Its prerequisites are strength, agility, timing, perseverence, and, most important of all, endurance. This year's squad showed the true spirit of the sport, as they strove on to victories for M.H.S.

Old 'Legs' Howard comes in handy for those long stretches stopping goals!

1969 Girls' Field Hockey Squad

OUR SENIORS

A better view of the gorgeous graduotes!!!

There is no way to adequately describe the fast-moving action of a Field Hockey game — especially if its competitors include the hustling Methuen Rangerettes. Their moves are swift and agile; their spirit effervescent and glowing; their desire dauntless and overwhelming. For 1969 the girls completed an undefeated season with much triumphant pride, a bit of reluctant finality, and a few nostalgic tears.

Girls' Basketball Team

Under Co-Captains Cloutier and Hyde, this year's basketball team chalked up a winning season and several new records. The girls showed spirit and pride in their play, and surely made a mark for girls' sports at T.H.S. that will long be remembered.

Sophomore Reception
1969

Tradition . . . that's what it is — tradition. Every year those aged, senile seniors welcome in the innocent, naive sophomores — and everyone has a good time of it. The underclassmen have to take a good deal of teasing, and they even end up meeting the FACULTY! But, by the time they catch on to it all . . .

They enjoy it, too!!

Military Ball

Queen: Patricia Gale, Attendants: Ann Hovanasian, Debra Fillipon

Hail to the Queen,
Who in Triumph Advances . . .

On February 20, 1970, the Tenney gymnasium was transformed into a panorama of military array performed through drill and precision in the presence of the Queen and her subjects.

As the night unfolded, weeks and months of painstaking preparation were proven worthwhile; the various companies provided a thrilling spectacle for all present.

As the final decision was made, the merits of Company "C" were awarded top honors in drill competition, and the company commanders, having reached the culmination of their careers in the Corps, were ushered out ceremoniously.
